

A modern living room interior featuring a large window with a black frame that looks out onto a lush green landscape. Two wicker chairs with black metal frames and light-colored cushions are positioned in front of the window. A small round side table with a black metal frame and a wooden top sits between them. To the right, a dark blue sectional sofa is adorned with several pillows in shades of orange, brown, and grey. In the foreground, a long, low wooden coffee table holds a small vase with dried flowers, a stack of books, and a brass cube. A large, irregularly shaped rug with a light brown and tan pattern is on the floor. Potted plants are visible on the left and right sides of the room.
